

Sample Law School
PLEDGE OF PROFESSIONALISM

As I begin the study of law, I acknowledge that my role in the legal profession is a privilege that comes with responsibilities.

Accordingly, I pledge to support my colleagues, respect the faculty and staff, and uphold the reputation of my school.

I commit myself to service without prejudice, integrity without compromise, and to civility and professionalism in all my interactions.

I will promote the principles of justice handed down by the generations of attorneys who have gone before me.

This pledge I take freely and upon my honor.
